

# Seating Systems

The Anser range provides pressure relief to sufferers of pressure ulcers. They also come with a portable power unit.

## Anser™

The **Anser Pressure Cushion** is an alternating pressure cushion suitable for most patients who are susceptible to pressure damage or already have tissue damage. Anser seating system is a cost effective dynamic system. The cushion is compatible with our Select Altair, Select Media and Select Media Plus dynamic mattresses.

SM012	3+ £200	HIGH TO VERY HIGH RISK
£225	5+ £180	

## SelMed™

**SelMed** is a cushion constructed from a combination of high density foam and visco elastic memory foam giving outstanding resilience and recovery characteristics. A vapour permeable outer cover, with welded seams, increases patient comfort by reducing moisture build up from perspiration. Multi stretch properties conform to the patients shape without restricting movement. The SelMed cushion can be used in conjunction with any conventional mattress.

SM006	3+ £60	MEDIUM TO HIGH RISK
£65	5+ £50	

## SelPad™

The **SelPad** cushion uses high density foam to deliver effective pressure reduction and benefits from having a removable, multi-stretch, vapour permeable cover.
